# Annual Compliance Report

**Disposition Reporting** 

May 6, 2013

Annual report of disposition reporting compliance of prosecuting attorneys, municipal, district, and superior courts and originating agencies as required by RCW 10.98.100

#### Introduction

This report is intended for prosecuting attorneys; superior, district, and municipal courts; and originating law enforcement agencies.

#### **Purpose**

The annual disposition reporting compliance audit can be used as a tool to evaluate the effectiveness of procedures for compiling criminal history record information from various sources. Contributing agencies will be able to assess their disposition reporting efficiencies and identify where improvements may be necessary to improve disposition reporting compliance.

#### **Background**

Established during the 1972 Legislative Session, the Identification and Criminal History Section (Section) is the central repository for statewide criminal history record information (CHRI). The CHRI is based on arrest fingerprint card submissions from sheriffs' offices, police departments, and adult correctional and juvenile detention facilities. The state of Washington is a "single-source" contributor to the Federal Bureau of Investigation (FBI) for all criminal and applicant fingerprint cards (except those submitted for federal purposes), final disposition reports, court orders of expungement, vacation, or sealing, and deceased notices must be sent to the Section for forwarding to the FBI. All records contained within the Identification and Criminal History Section's files are based upon positive fingerprint identification.

CHRI is used for many purposes including criminal justice investigations, public and private employment background checks, licensing background checks, proper sentencing of convicted felons, and pre-sentence and post-sentence evaluations. Certified criminal justice agencies (CCJA) receive both conviction and non conviction CHRI. According to Washington State law, conviction records may be disseminated without restriction. Per Revised Code of Washington (RCW) 10.97.030(3), a conviction record includes CHRI relating to an incident which has led to a conviction or other disposition adverse to the subject. Although the Section continues to provide Washington State conviction CHRI through the mail, a request for criminal history is available on the internet using the Washington Access to Criminal History (WATCH) application. WATCH allows citizens, private employers, and public agencies to request, view, and print criminal history instantly. WATCH-Criminal Justice (WATCH-CJ) is available online for certified criminal justice agencies. A fingerprint search is the most thorough search, as it will identify individuals who have been arrested or convicted and who may be using alias identifiers.

#### **Disposition Reporting**

State statute (RCW 10.98.090) requires that in the case of superior court or felony disposition, the county clerk or prosecuting attorney promptly submit the completed disposition information to the Section. In a county where the judicial information system (JIS) or other secure method of electronic transfer of information has been implemented between the court and the Section, the county clerk will provide the disposition

information electronically to the Section. In the case of a felony conviction in a county without the JIS or other secure method of electronic transfer of information between the court and the Section, the prosecuting attorney must attach a copy of the judgment and sentence (J&S) form to the disposition form (from the contributing agency) and mail the disposition to the Section.

In the case of a lower court disposition, the district or municipal court administrator must either promptly submit the completed disposition form, or in a county where the JIS or other secure method of electronic transfer of information has been implemented between the court and the Section, electronically provide the disposition information to the Section. For all other dispositions, the originating law enforcement agency must submit the completed disposition form to the Section.

When a disposition report form has been forwarded to a prosecutor or court in error, or if the case receives a change of venue, the receiving agency must forward the disposition form to the appropriate entity. If the offense charged at arrest is a felony, but it is reduced to a gross misdemeanor, the prosecutor or superior court can either complete the disposition form or forward it to the appropriate limited jurisdiction court. Between the years 1996 and 2002, the Process Control Number (PCN) project was implemented statewide. The PCN is a tracking number generated at the time of fingerprinting. The PCN is initially generated by a live scan fingerprinting system or fingerprint card PCN packets provided by the Section. Each packet contains fingerprint cards and a disposition sheet form all stamped with the same PCN. The PCN should

be used for all reportable arrests, administrative bookings, and commitments. The PCN is part of our state's ongoing effort to improve disposition reporting to the Section. The PCN links disposition information in the court systems to arrest data in the Section's criminal history system, Washington State Identification System (WASIS). Dispositions entered by court staff into the court system are submitted electronically to WASIS. Dispositions that are unable to enter electronically are routed to an incident queue where they are processed by Section employees.

Following the arrest event, the fingerprints and related arrest data (including PCN) are submitted to the Section and the disposition form (including PCN) is forwarded to the appropriate court for entry into the Administrative Office of the Courts (AOC) systems: Superior Court Information Management System (SCOMIS) and Judicial Information System (JIS). After the court enters the PCN to the corresponding court case and there is a case resolution, an electronic disposition transfer report (EDTR) is sent to the Section. This electronic transfer of information expedites disposition information and eliminates the need for court staff to mail a disposition report to the Section, with the exception where no court action is taken (no charges filed, not filed, etc.). Currently about 6% of electronically submitted dispositions update WASIS without human intervention, referred to as "lights out". Section staff is able to process over 80% electronically in the Criminal History Incident Processing Queue (CHIPS) with minimal manual intervention.

#### Washington State/NCIC Record of Arrest and Prosecution (RAP) Sheet

The RAP sheet is an accumulation of the retainable fingerprint cards and dispositions received by the Section. This information received is from law enforcement agencies and courts. The information includes: criminal arrest cards, criminal justice applicants and contract employees, missing persons information, personal identification, sex/kidnapping offender registrations, and Department of Corrections incarcerations and supervisions.

A "conviction record" is a criminal history record relating to an incident which has led to a conviction or other disposition adverse to the subject. A conviction RAP sheet is disseminated without restriction based on RCW 10.97.050(1) and 43.43.830-845. "Non-conviction data" is a criminal history record relating to an incident which has not led to a conviction or other disposition adverse to the subject, and for which proceedings are no longer actively pending. A non-conviction RAP sheet is disseminated to criminal justice agencies only based on RCW 10.97.050.

#### **Statutory Requirements:**

RCW 10.98.100 requires the Washington State Patrol:

 Administer a compliance audit at least once annually for each prosecuting attorney, district and municipal court, and originating agency to ensure that all disposition reports have been received and added to the criminal history record information. • Furnish a list of outstanding disposition reports to the agencies.

The results of compliance audits shall be published annually and distributed to legislative committees dealing with criminal justice issues, the office of financial management, and criminal justice agencies and associations.

#### **Report of Compliance:**

This report summarizes and compares previously reported arrests with dispositions received to determine the compliance rate with submitting dispositions as mandated by state statute. The "Total Arrest Charges Reported" column includes those fingerprint based arrest events submitted by each agency. The "Total Open Charges" column indicates the number of arrest charges for which a final disposition has not been reported. The "Percentage in Compliance" indicates the percentage of arrest charges for each contributing agency which do have a final disposition on file. The goal is 100% compliance.

The arrest charges included in this second annual compliance audit report were all originated by the arresting agency or the prosecutor from arrest events that occurred between January 1, 2011 and December 31, 2011. The report includes the disposition data reported as of April 30, 2013. While these charges have had more than a year to process through the courts, it is possible some charges are not yet disposed within the counties.
